Dear HJHS Parents and Students,

I am sorry to report that one of our teachers, Sarita Kulkarni, had her Gilbert Public Schools email account hacked into tonight. There were two very inappropriate messages sent out to her students without her knowledge before district could deactivate her account. If you or your child received one of these email messages, please delete it immediately without opening. We are working on suspending all our student accounts right now to prevent further students from viewing these messages.

Gilbert Public Schools takes situations such as this very seriously. I have reported the crime to the Mesa Police Department and also the FBI since they are the ones who handle all internet fraud. If you have any information regarding this crime, please contact us as quickly as possible so we can report it to the proper authorities.

Again, I am sickened by this horrible act and am working as diligently as possible to take care of the situation. Your continued support is appreciated.

Sincerely,

Marcie Taylor

HJHS Principal
